About Victoria Nursing Group:

With six high quality care homes located in Hove, Folkestone and Midhurst, Victoria Nursing Group seeks to provide the highest standards of care for the discerning individual. The Group delights in offering exceptional care in convivial surroundings and in the company of like-minded people.

Victoria Nursing Group has selected Softworks Workforce Management Solution to manage employee Time, Attendance, Rostering and HR for their 170 employees across 6 nursing homes.

Victoria Nursing Group is transitioning from their existing Workforce Management Solution which is no longer being supported, and went to market for a solution to streamline and optimise employee Time, Attendance, Rostering and HR management, while supporting the provision of compassionate care for their residents.

They selected Softworks Workforce Management Solution because of the features designed specifically for nursing home employee management and the ability to configure the solution to manage business and pay rules unique to the Group's operations.

Paul Burns, Managing Director of Victoria Nursing Group said

“ Softworks were selected as their Workforce Management Solution delivered in terms of features, functionality and business pay rules automation to meet our requirements. ”

Paresh Vadukul, Healthcare Relationship Manager, Softworks UK added

“ The team at Softworks are delighted to have been selected by Victoria Nursing Group as their Workforce Management Solution provider. We'll be working closely with the Group on the rollout and look forward to seeing how our solution will help reduce the administrative burden involved in employee management while supporting the provision of exceptional care. ”
